The logo for 'Deez' is written in a white, stylized, handwritten font in the top left corner. The background is a dark purple space scene with stars, a large grey moon, and two blue rockets with yellow flames. One rocket is in the top right, and another is in the bottom left.

HOLD ON AND PLEASE FASTEN YOUR SEATBELTS AS WE PREPARE TO DESCEND...

It has been a pleasure having all 10,000 of you on board with us. We trust you have had a safe and comfortable journey. “Captain” Papa Nut would like to say a few words before we land & disembark this spacecraft.

“Hello Nuts! Thank you for trusting Deez to get you to the moon. I want to prepare you for what we are about to experience...”

“DUE TO OUR CRYPTOTUBE MALFUNCTION MID-FLIGHT

We are descending into the year 2022. May I say from what I see here in the cockpit, this looks extremely different from what we were expecting from our departure in 1992!”

“IF YOU LOOK OUT YOUR WINDOW AS WE DESCEND ,

“Our initial goal of populating the moon may now be limp. Thankfully though, due to our agility as a community and our world class technology, First Officer Cookie & I have made the last minute decision to do what any self respecting sack of nuts would do. With only a few soft strokes on the instrumental panel and a quick jig of the joystick, we will transform this spacecraft. Upon our arrival, we shall erect a Deez Strip with Deez Casinos and Arcades, replicating our very own version of Las Vegas.”

You will see that other NFTs have already arrived & made themselves at home. This is all well and good. However, if you look closely, there does not seem to be anything fun going on!...”

“Once activated, Deez Strip will be the home for our community. This is where you can stake your Nuts and earn \$NUTS coins every single day!”

“\$NUTS coins are a special coin designed for the moon to serve as our token to buy upgrades and expand our DeezStrip. Some upgrades will boost your NFTs stats while others will literally change the NFT on the blockchain.”

“BREEDING, STAKING, EARNING, AND PLAYING WILL ALL BE IN A DAY’S WORK FOR YOUR NUTS.”

“But Be Careful! Similar to all top end Casinos, Deez Casinos will be full of high rollers and sharks. So, if you aren’t on your game, somebody can come along and win your coins!”

“Now my 10,000-strong friends. With this said, it is time to join the crew and get to work in the Deez Casinos!”

“Thanks again for flying with Deez Nuts! You may now safely disembark!”

“And Adventurers.... *Welcome to the Moon!*”

UNSTAKING OR CLAIMING GAMBLING ELEMENT

When your Deez Nuts NFTs work in the casino, you can claim \$NUTS coins that they have earned whenever you like! You can un stake your nuts at anytime as well. **Be aware** that unstaked nuts do not earn \$NUTS coins.

When claiming \$NUTS coins, you will be able to take a gamble with them to earn more! **However, this can also cause you to lose a portion of them.**

There are three levels of risk vs reward to choose from. How much will you gamble?

Claim 1 (Guaranteed): 100% chance you receive a 25% bonus earning on your \$NUTS coins earned.

Claim 2 (Medium Risk): 40% chance you earn 0 Bonus to \$NUTS coins earned. 60% chance you receive a 75% bonus to your \$NUTS coins earned.

Claim 3 (High Risk): 25% chance you lose 25% of your earned \$NUTS coins. 75% chance you gain 100% bonus to your \$NUTS coins doubling what you've earned!

Claiming allows you to claim all your earned \$Nuts and keeps your Deez Nuts NFT staked to earn more coins.

Unstaking claims all your earned \$Nuts and removes your Deez Nuts NFT from being staked so that they can no longer earn rewards.

DEEZ LOOT

You'll be able to spend your earned \$NUTS coins to purchase a variety of items from our web shop.

These items are called Deez Loot - which are a separate NFT collection on OpenSea.

The Deez Loot NFT's you buy with \$Nuts can be applied to upgrade your existing Deez Nuts NFT.

Alternatively, you may sell your Deez Loot on OpenSea for ETH.

DEEZ LOOT CATEGORIES

Unlimited:

Unlimited Categories contain items which have an unlimited mint amount and are not time sensitive.

These items typically can't be traded on OpenSea and burn after being used once.

Such examples of Unlimited items might include a name tag (to give your Deez Nut NFT an on-chain name) or a Dimensional Shifter (to swap between a 2D or 3D Nut PFP).

Limited:

Limited Categories will contain special items which are randomly dropped, are limited in supply, and only last a short time before being removed from the shop forever.

These drops will happen roughly every 7 to 20 days and will be at random times. These drops will be slow released to give all time zones and holders a fair shot at buying them.

Such items which could be limited may be animated backgrounds, animated eyes, custom music, or bonuses to help your Deez Nuts NFTs earn more \$NUTZ coins.

DEEZ LOOT CATEGORIES (CONT)

Metaverse:

Metaverse items will be items that will belong to a different collection outside of Deez Loot.

These items will directly benefit players in our upcoming Metaverse.

Our upcoming Metaverse won't be under the Deez brand. However, Deez holders will still directly benefit.

Some Deez Meta items will only be able to be purchased with \$NUTS coins and can be sold on OpenSea to other players in the Metaverse. Such items might include jet packs, ray guns, custom shoes, and much more!

New Collection:

Sometimes, we'll drop a new NFT collection.

Our first drop will be an all female NFT which will accompany Deez Nuts NFTs.
